WALTER CAMP HAS NEW SET OF PLAYS

Yale Expects to Try a Number of innovations for First Time in Public, While Princeton is Silent.

NEW HAVEN, Conn., Nov. 13.-Yale and Princeton will meet on the gridfron here tomorrow. It is a meeting of the glants, admittedly the two teams have shown the best work of the season this year. The Yale team is trained to the hour and while the members hope to win it is the opinion of coaches, players and undergraduates alike that this can be accomplished only by the hardest and most scientific kind of work. This evening the coaches watched the men run through the signals for the new formations which will be used tomorrow for the first time in public.

Waiter Camp has worked out a set of plays that take advantage of the fine points of the senson's new rules, and it is said that Yale will play a varied and dashing style tomorrow.

The lineup will probably be: Captain Rafferty, left end; Kinney, left tackle; Batchelder, left guard; Roorback, center; Bloomer, right guard; Hogan, right tackle; Shevlin; right end. Rockwell, quarterback; Mitchell, left halfback; Metcalf, right halfback, and Farmer, fullback.

So far there has been little betting, as the Princeton supporters are demanding too great odds.

Princeton is Ready.

PRINCETON, N. J., Nov. 13 .- Twentyeight men, comprising the Princeton foot ball team and substitutes, with their coaches and trainers, were given a hearty sendoff for New Haven this afternoon. The players are all in good condition.

The lineup will probably be as follows: Davis, left end; Cooney, left tackle; Dillon, left guard; Short, center; Dewitt, right guard; Reed, right tackle; Henry, right end; Vetterlein, quarterback; Foulke, left halfback; Keffer, right halback; Miller,

CREIGHTON PLAYS HASKELL Local College Team Meets Sturdy Indians at Vinton Street Park.

The game of foot ball today between Creighton college and the Haskell Indians at Vinton street park is looked to as the game of the season in Omaha. Local interest is greatly aroused and doubtless a large crowd will witness the contest.

In view of the Indians' prowess and the splendid work they have been doing this year Creighton has been putting in the ost strenuous licks at practice and hopes to be able to hold the men for a good tussic. The Indians will have all their stars here, including Hauser, who "straightarmed" Chicago's noted quarterback last Saturday, and Archiquette, at left end and right half back respectively.

Creighton, likewise, will have its best team on the gridiron. Callahan, Welch and McGovern all will be out in their might. The game will be called at 3:30 p. m. The lineup of the two teams follows:

CREIGHTOR	HASKELL			
A Coad	R. B Fel

OFF FOR GAME WITH KANSAS

Trainload of Rooters Go to Lawrence to Cheer Cornhuskers to

(From a Staff Correspondent.)

LINCOLN, Nov. IR.—(Special Telegram.) Accompanied by the University band a crowd of rooters left on a special over the Union Facilic tonight for Lawrence to work the side line for the Cornhuskers. The train was composed of eight coaches and all were filled. Before leaving town the band, with hundreds of followers, marched the streets and made things lively with cheera for the boys. The team left this morning after having attended a mass meeting of the students at the university. The team management has promised to bring back the Kansas scalp. (From a Staff Correspondent.)

pions.

HASTINGS, Neb., Nov. II,—[Special Tele-fram.]—In the foot ball game between Sellevue and Hastings college on the home frounds this afternoon Relievue won by the score of 40 to 0. This cinches the title of Bellevue to the state collegiate cham-

Highland Park Defeats Normal. DES MOINES, Nov. 12.—(Special.)—In a loosely played game frequently interrupted by flights and wrangles Highland Park this morning defeated State Normal by a score of 17 to 5. Throughout the game was full of poor tackling, lack of generalship and misplays. Two twenty-five minute halves were played, but the game actually consumed fully two hours. Both teams were in poor form and neither put up the game which it is capable of. Normal's offense was much better than the defense and the same was true with the local team. Both sides were penalized frequently and both played off-side and held continually. Highland Park scored on two touchdowns and a place kick. Normal secured points on DES MOINES, Nov. 32-(Special.)-In

FACULTY FURNISHES THE FUN Big Crowd Out to See the Professors Try a Turn at Their Old

(From a Staff Correspondent.)

(From a Staff Correspondent.)

LINCOLN, Nov. 13.—(Special Telegram.)
—The university faculty foolishness for the benefit of the college settlement fhis afternoon was all of that and more. From the time Frof. Taylor, who went to school with President Roosevelt, was yelled off the field just because he was thrown off by his horse which he exhibited as a blooded animal, until Caldwell, the diminutive American historian threw a 200-pound bail 180 feet, mirth ran riot.

The foot ball game between Condra's Kids and Shedd's Shoats included two important features beside the fact that neither side scored. Young Chase ran the entire field with a clear head for a touchdown and missed the latter by losing the former. He fell within five feet of the scal and having turned over, started to crawl back in the wrong direction. He lost the bail on general principles and it was carried at breakneck speed by Best for a touchdown. This, however, the umpire refused to allow because eleven men were off side.

The base hall game between Spencer's Rubes and Ward's Dudes was won by the former by two to one. The feature was Caldwell's homerun on strikes.

The shot-put contest by Caldwell and Ross elicited the most applause. After breaking the world's record by throwing the sixteen-pound shot across the field, Caldwell waxed angry and called for something heavy. A 200-pound shot was carried out by four men and this was tossed across the field at will. It finally landed in the grandstand and a small boy in throwing to back pitched it over the fence and a gentle breeze carried it away. The largest crowd of the season was out.

EVENTS ON RUNNING TRACKS Sheriff Bell Wins Liberty Stakes by Head from Favorite at

NEW YORK, Nov. 12.—Four favorites and two second choices divided the money at Jamaica today. Sheriff Bell won the Liberty stakes by a head from the favorite, Carbuncle. Results:

First race, six furiongs: Mamie Worth won. Princess Tulane second, The Captain third. Time: 1:14.

DUN'S REVIEW OF TRADE

Prosperity of Agricultural Communities Feature of the Present Time.

RAILWAY EARNINGS SHOW INCREASE Considerable Doubt in Business World

as to Result of Present Labor Troubles Which Are Affecting Trade.

NEW YORK, Nov. 13.-R. G. Dun & Co's. Weekly Review of Trade tomorrow will Readjustment of wages and abnormally warm weather are not calculated to stimulate distribution of merchandise, especially wearing apparel and fuel. Several other stupie lines are quiet, as is usual at this season, yet the splendid profits of agricultural communities cannot fall to put large sums of money in circulation and provide a market for commodities. Prices of all staples were slightly higher on November 1 than a month previous, but in the past two weeks the level has fallen somewhat. Settlements of labor disputes in meat packing, lithographing and several mirror industries are offset by new struggles in the building trades, street car line and coal mines, while the cut in wages of iron workers and spinners may result in strikes. A helpful event was the resumption of work at Montana copper mines, coke ovens and western stock yards. Rall-way earnings for the first week of November were 4.8 per cent larger than last year.

way earnings for the first week of November were 4.8 per cent larger than last year.

Soveral significant events have occurred that indicate clearly the situation in the iron and steel industry. While furnace stocks are far in excess of all recent high points, there is some offset in the very small suplies held elsewhere and now that quotations have fallen to amore attractive position, there is reason to look for some recovery in demand. After the first shock of new prices was over, the markets became more active. One feature is the loss sustained by jobbers and dealers who had stocks on hand purchased above the new level, but there is more satisfaction expressed than otherwise over the lower figures, since they are calculated to stimulate activity.

In footwear, the only feature is the urgency of jobbers to get quick delivery of fall contracts, resulting in heavy shipments from New England shops. Hides are steady with a firmer tone.

With raw cotton stubbornly held at a position and consumers refuctant to advance bids for finished products, it was inevitable that cost of production must come down, hence the cut in wages at Fall River mills was not expected. Inquiries for cotton goods are numerous, but buyers and sellers cannot agree as to prices and little new business is closed. A sight improvement is noted in supplementary orders for woolens, without lifting the market from its dull condition, however. Prices for worsteds are very irregular and carpets for spring were opened at an advance of 5 per cent on low grades.

ENCOURAGING SIGNS VISIBLE.

ENCOURAGING SIGNS VISIBLE.

Bradstreet Sees Evidences of Increas ing Activity in Many Lines.

NEW YORK, Nov 13.-Bradstreevs to morrow will say:

Quietness and even repression govern general trade and industry, but prevailing pessimism cannot hide the fact that some really encouraging signs are visible. Taken as a whole general business this week is rather larger, due to the expansion in retail trade at the northwest, where it is favored by cooler weather, and at the seuth, where an enormous quantity of cotton is being marketed at excellent prices wholesale trade is still quiet as a whole awaiting developments in price and demand. Export trade seems to be at last expanding. Exports of heading products aggregate the second largest total ever recorded in October.

A fact that has not been given full weight morrow will say:

and steel, stocks of pig iron in the aggregate are little more than ten days' production and the authorities are asserting that present quotations represent rock bottom values. Another example of this is noted in the leather trade, stocks of which at leading centers are said to be well restricted. Pig iron, though no more active, is in better tone. A reduction of freight rates on steel from Pittsburg for export has been granted by the railroads. Other metals show downward tendencies.

Chief among the depressing features brought to light this week are the reports that finished steel products have been cut, that wages of iron and steel and cotton mills employes must come down and that some new strikes, notably a general shutdown of Colorado coal mines are menacing western manufacturing and railway activity. On the other hand the fact might just as well be faced that high prices have checked demand, that manufacturers of iron and steel believe that the demand can be revived if price concessions are made and that the wage reductions are calcuiron and steel believe that the demand can be revived if price concessions are made and that the wage reductions are calculated to render this policy more effectual, notwithisanding a decrease in earnings and consumptive power results temporarily.

The lumber market is irregular. Building activity is favored by the late favorable fall. Coal is rather dull. Eastern shoe shipments are still heavy.

Print cloths have been dull and unsettled and the claim is made that cloths and coarse cottons are selling below cost of production.

Wheat including flour, exports for the

coarse cottons are selling below cost of production.

Wheat, including flour, exports for the week ending November 12 aggregate 2,559,823 bushels, against 4,340,231 bushels last week, 4,440,100 bushels this week last year, 4,883,734 bushels in 1901 and 4,062,000 bushels in 1909. For nineteen weeks of the cereal year they aggregated 61,901,751 bushels, against 99,979,664 bushels in 1903, 112,658,235 bushels in 1902 and 67,446,259 bushels in 1903 and 67,446,259 bushels, against 1,459,933 bushels last week, 281,901 bushels a year age, 629,824 bushels in 1901 and 3,976,914 bushels in 1900. For nineteen weeks of the present cereal year they aggregate 21,590,939 bushels, agginst 2,144,799 bushels in 1902, 16,583,550 bushels in 1901 and 61,631,701 bushels in 1900. Business failures in the United States for the week ending November 12 number 250, against 156 last week, 206 in the like week of 1902, 213 in 1901, 227 in 1900 and 199 in 1899. In Canada failures for the week number 13, as againstil last week and 10 in this week a year ago. week a year ago.

MURDERS ANDREW H. GREEN

Regro Fatally Shoots the Father of Greater New York.

ILLUSTRIOUS VICTIM DIES INSTANTLY Police Arrest the Assatlant, Cornellus M. Williams, After the Encounter

at Thirty-Ninth Street and

Park Avenue. NEW YORK, Nov. 13.-Andrew Haswell Green, the "father of Greater New York;" and comptroller from 1871 to 1876, was shot several times this afternoon at Thirtyninth street and Park avenue by Cornellus M. Williams (colored), who has been arrested. Mr. Green died almost instantly. Five shots were fired at Mr. Green, four of which took effect. Williams was taken to the police station, where he said he had shot Mr. Green because Mr. Green kept in his employ a negro girl, to whom Williams had been paying attention. . Williams had been a furnace tender at the house where Mr. Green was staying and was standing in the doorway with his hand behind him when Mr. Williams came up and assaulted him. He immediately

taiked irrationally and the police believe him to be insane. When Mayor Low heard of Mr. Green's leath, he ordered the flag on the city hall to be placed at half-mast, and said: "The killing of Mr. Green is a public calamity. He was one of the most useful of our citizens and his services to New York will long be remembered."

fired five times, four of the shots strik-

ing Mr. Green in the face. After being

taken to the police station, Williams

Mr. Green was prominent many years in New York as a lawyer, and in 1868 originated the plan for the creation of Greater New York as carried out in 1897. He originated also the plan which resulted in the consolidation of Astor, Lenox and Tilden libraries in the New York public library and was trustee of the same. He was executor of the S. J. Tilden, William B. Ogden and other large estates and was prominent in many societies and organizations. He was born in Worcester, Mass., in 1830 and resided at 91 Park avenue
